

# PAUL KREKORIAN

LOS ANGELES CITY COUNCILMEMBER

October 4, 2019

Dear Boardmembers,

Congratulations! Your application for an \$8,000 matching grant from my CD2 Neighborhood Council Community Beautification Program has been approved for the sculpture restoration project.

Thank you for taking an active role in improving our neighborhoods and donating your time and effort to serve the public. Your matching grant funding is available through the Neighborhood Council Funding Program at the Office of the City Clerk.

When requesting funds from the grant award, your treasurer can submit a payment request through the NC Funding System Portal, Special Account section, providing the attached Board Action Certification (BAC) form along with the invoices and W-9 forms from the project vendors. Please do this as soon as possible and be sure that the project is completed within the current 2019-20 Fiscal Year. Please contact Jackie Keene in my office at (818) 755-7676 if you have questions.

We are eager to see updates as your project progresses. Please send Lorraine Diaz and Jackie Keene ([Lorraine.Diaz@lacity.org](mailto:Lorraine.Diaz@lacity.org) and [Jackie.Keene@lacity.org](mailto:Jackie.Keene@lacity.org)) pictures and descriptions of the project so we may feature it in our newsletter.

I look forward to seeing the results of this community beautification project!

Very truly yours,

PAUL KREKORIAN  
Los Angeles City Councilmember
