Letter to the Public Safety Committee

April 2021

To: Public Safety Committee

Dear Chair Rodriguez and the Public Safety Committee,

We're writing to inquire what your committee has done or will be doing in relation to the recent surge in thefts of catalytic converters from vehicles in the Los Angeles area. As you can appreciate, these thefts are costing our residents hundreds of dollars to replace, and thefts of catalytic converters have increased over [400% in LA County](#) during the pandemic. We'd appreciate a follow up on what your committee can do, and how we might be able to assist in protecting our community's cars.

Sincerely,

North Hollywood Northeast Neighborhood Council
