

NORTH HOLLYWOOD NORTHEAST

Neighborhood Council

September 18, 2024

To the Board of Recreation and Parks Commissioners,

We are writing to support the Department of Recreation and Parks to purchase the 18 viewers, currently coin-operated, located at Griffith Observatory and making them a free resource to Angelenos and others visiting. As mentioned on the Observatory website, "Griffith Observatory is a public facility that has been owned and operated by the City of Los Angeles Department of Recreation and Parks since opening in 1935. The Department builds healthy communities through people, parks, and programs." The viewers would be a welcome addition to the community-building that RAP has been doing for the past 89 years in Griffith Park.

Thank you for your consideration.

Sincerely,

The North Hollywood Northeast Neighborhood Council

X 

Zaid Diaz-Arias

President

North Hollywood Northeast Neighborhood Council
