- **Committee items**
  - Discussed 2026-2027 Funding requests for CIP at Lankershim Slopes and four (4) events. Though we hope to receive matching grants from CD2 for the two (2) Lankershim Slopes beautification projects, we will prioritize the request of $5k for the Native Plants Community Garden - if the matching grant is available, then we'd also do the painting beautification project on the 1000 feet of the wall on the SE corner of Sherman Way/Lankershim.
